Spjæld med universal motorkonsol for Belimo spjældmotorer

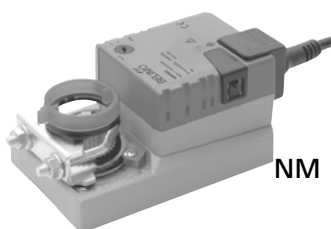

Valg af spjældmotor:

1. Find spjæld-type og størrelse.
2. Aflæs motortype i spjæld-skemaet (f.eks. LM).
3. I skemaet herunder vælges: On-off (DTM) eller spring-return (DTMR).
4. Følg de orange pile ned gennem skemaet til du finder motor-typen fra punkt 2.
